## OPTIONAL EQUIPMENT

## SUGGESTED LIST PRICE

|            |  |                       |
|------------|--|-----------------------|
| EFG-IAA-F  | Interstitial float assembly with 20' wire (without pipe fittings) .....  | \$169.00              |
| EFG-420.1  | 4-20 mA digital to analog converter box with 4 form "C"relays.....       | \$720.00              |
| EFG-420.2  | 4-20 mA digital to analog converter box .....                            | \$449.00              |
| EFG-420.4  | Relay isolation box with 4 form "C"relays .....                          | \$470.00              |
| EFG-RD1    | Remote indoor numeric display + 4 LED indicators, 120v AC .....          | Per tank.... \$450.00 |
| EFG-12V    | AC-DC adapter for relay power or low light conditions (USA version)..... | \$ 58.00              |
| EFG-3CS    | Additional wire (3-conductor, 18 gauge Shielded) .....                   | Per foot.... \$ 2.04  |
| EFG-SA1    | Remote visual/Audible (LED) alarm monitor, 9 volt .....                  | \$197.50              |
| EFG-SA1.I  | Stand alone interstitial alarm, 9 volt..... W/Float Switch Assembly..... | \$351.50              |
| EFG-TXD2-X | Transducer, new style with Test Port (note X=size A-E) .....             | \$660.00              |
| EFG-TXD3-X | Adjustable Transducer, with Test Port (note X=size A-E) .....            | \$785.00              |

**NOTE:** Prices subject to change without notice and apply to standard models only. Any deviation from standard materials may result in additional costs. All gauges ordered as a complete gauging system are subject to distributor discount pricing. Individually ordered transducers, probes, and optional equipment may be subject to distributor discounts based on quantities of gauges purchased. Greenleaf Gauge products are sold through authorized equipment distributors. To locate the distributor nearest you, or to become an authorized equipment distributor. Contact Greenleaf Gauge. Phone: 888-884-2843 or 208-453-1714 Fax: 888-884-4145 or 208-459-3365 Online: [www.solargauge.com](http://www.solargauge.com).

**See page two for miscellaneous parts pricing**

## MISCELLANEOUS SPARE PARTS

|               |  |            |
|---------------|--|------------|
| EFG-4000-G    | New gauge display unit without a transducer .....              | \$ 455.00  |
| EFG-8000N-G   | New gauge display console without a transducer .....           | \$ 1605.00 |
| EFG-8000A-G   | New gauge display console without a transducer .....           | \$ 1605.00 |
| EFG-8000I-G   | New gauge display console without a transducer .....           | \$ 1605.00 |
| EFG-APN       | Replacement plate for the 8000N gauge .....                    | \$ 60.00   |
| EFG-APA       | Replacement alarm plate for the 8000A gauge .....              | \$ 90.00   |
| EFG-API       | Replacement alarm plate for the 8000I gauge .....              | \$ 90.00   |
| EFG-8KCB      | Alarm connector board, must have gauge serial # to order ..... | \$ 110.00  |
| BT-321        | 9V Lithium Battery .....                                       | \$ 12.00   |
| BT-322        | 9V Rechargeable Battery .....                                  | \$ 27.00   |
| BT-325        | 3.6V AA Lithium Battery .....                                  | \$ 22.00   |
| CAL Wts       | Calibration weights .....                                      | \$ 86.00   |
| EFG-IA-FS-24  | Interstitial Float Switch with 24" leads for 1" holes .....    | \$ 87.00   |
| EFG-IA-FS-240 | Interstitial Float Switch with 20' leads for 1" holes .....    | \$ 90.00   |
| EFG-AC/DC Int | International power supply .....                               | \$ 110.00  |
| EFG-TXD2-A    | "A" size transducer with the test port .....                   | \$ 660.00  |
| EFG-TXD2-B    | "B" size transducer with the test port .....                   | \$ 660.00  |
| EFG-TXD2-C    | "C" size transducer with the test port .....                   | \$ 660.00  |
| EFG-TXD2-D    | "D" size transducer with the test port .....                   | \$ 660.00  |
| EFG-TXD2-E    | "E" size transducer with the test port .....                   | \$ 660.00  |

**In most cases the EFG-4000 and the EFG-8000 gauges can be rebuilt. The transducers are NOT re-buildable. If there is a question about a transducer and it is under warranty, it must be returned to receive a credit.**

**PLEASE NOTE: You must call in or e-mail [support@solargauge.com](mailto:support@solargauge.com) and be assigned a Return Authorization Number (RAN) and mark it clearly on the outside of your box to take advantage of the rebuild service.**
